December 7, 2018

## Happy New Year - Katahdin Youth Members!

For 2019, here are the KHSI requirements for youth membership:

1) Your membership will not be renewed unless you return the renewal form. So, do not delay, send it in soon in the pre-addressed envelope.

2) Make sure renewal form includes your year of birth.

3) Only one copy of the Hairald will be mailed to each mailing address. For example, a family with three youth members and an adult membership will receive only one copy. Additional copies for our youth members can be purchased for \$5/year per subscription (this is a great price).

KHSI needs the above to update our youth memberships.

2018 was another excellent year for Katahdins and KHSI. We haven't closed the books for registration numbers and membership yet, but we know that 2018 will be one of our top years.

Mark your calendars for August 15-17, 2019 and come to Hyder Burks Pavilion Cookeville, Tennessee for the 2019 KHSI Expo! Cookeville is 80 miles east of Nashville. The Expo committee is organizing a great program and we expect an excellent selection of Katahdins at the Expo sale. Watch the Hairald and our website [www.katahdins.org](http://www.katahdins.org) for future details.

**IMPORTANT: Please send your Listing Update and Youth Donations to the to the KHSI Registry Office, PO Box 231, Wamego, KS 66547 (envelope enclosed). This is a change from past years.**

**Opportunities to donate to Katahdin Youth programs.** Donations are voluntary. With help from member donations, KHSI has been able to award several youth scholarships in the past several years. A donation of \$50 or more to the KHSI All American Junior Show (AAJS) fund will result in your flock name on banners around the AAJS arena. Donations to general Youth Show fund cover Kennedy Family National Katahdin Junior Show and a few regional youth shows including Leroy Boyd Show, Midwest Junior Preview and Big E. You can include your donations in your dues check. Please designate which fund(s) you want your donation to cover. Contact KHSI Operations in Fayetteville, AR for more information if you have questions about different donation opportunities.

**What contact numbers and email addresses should you include in your membership listing for sales?** Do not include every phone number you have. KHSI recommends that you list only the number(s) that will consistently reach the person that handles sheep sales. Unanswered calls reaching someone who doesn't know which sheep are for sale may result in frustrated buyers calling the next operation on their list. Also, don't include an email address or phone number that you do not check promptly and regularly.

**USA & Canadian Scrapie Programs.** All flocks are required to be in the Mandatory Scrapie Eradication Program. This requires tagging of all sheep that leave your premises. Only a small percentage of Katahdin flocks are in the Scrapie Flock Certification Program (SFCP) Just because you tag sheep with a scrapie tag does not mean that your flock is in SFCP.

Thank you for your membership. KHSI looks forward to helping your flock have a successful 2019.

# 2019 KHSI Address & Website Listing Update Form

Please update us on your preference for receiving mail from KHSI. You can help us save funds. Thanks! Send this to KHSI Registry, Box 231, Wamego, KS 66547.

How do you want to receive Hairald/Newsletter and KHSI mailings?

Mark only one of the following:

1.  All mailings & Hairald by regular mail.
2.  Hairald by mail, other mailings by email.
3.  Hairald by both regular mail and email. Other mailings by email. (electronic filing of the Hairald on your hard drive can be a fast way to retrieve and find specific articles).

## SECTION I:

NO CHANGES in our listing. Address, phones (area codes), email have not changed. If no changes do not fill out Section II. Just fill in name, city and state on the next two lines and send back this form with your check to KHSI Operations (envelope enclosed), and Thank You!

Name: \_\_\_\_\_ City \_\_\_\_\_ Zip/Postal Code \_\_\_\_\_

Province/State \_\_\_\_\_ Owner/Member # (if you know it) \_\_\_\_\_

-----  
**SECTION II: IF YOUR CONTACT INFO HAS CHANGED (check here)**  YES, my listing has changed.

**FILL IN ONLY THE BLANKS BELOW THAT HAVE CHANGED. WE WILL KEEP ALL OTHER INFO THE SAME, SO JUST WRITE IN THE SPECIFIC CHANGES. THANKS. NOTE: List only the phone number(s) that you want people to call for info about your sheep.**

Name: \_\_\_\_\_

Address: \_\_\_\_\_

City, State/Province, Zip \_\_\_\_\_ Country \_\_\_\_\_

Farm/Ranch Name \_\_\_\_\_

Phone \_\_\_\_\_ 2<sup>nd</sup> Phone \_\_\_\_\_ (don't list #s that are not answered)

email address \_\_\_\_\_ (don't list an email if you rarely look at it).

website \_\_\_\_\_ Owner/Member # (if you know it) \_\_\_\_\_

-----  
**Sheep for Sale:**

S - Sheep for Sale. Check here to indicate you have or will have sheep for sale during 2019.

**Class of Sheep for Sale.** Check all types of sheep that your farm plans to have for sale in 2019

- |   |   |  |
|---|---|--|
| <input type="checkbox"/> Registered Katahdins | <input type="checkbox"/> Commercial Katahdins | <input type="checkbox"/> Ram Lambs     |
| <input type="checkbox"/> Yearling Rams        | <input type="checkbox"/> Ewe Lambs            | <input type="checkbox"/> Yearling Ewes |

**Month(s) that Flock Lambs** (list all the months in which lambs are born on the line below):

\_\_\_\_\_

**2019 KHSI Address & Website Listing Update - pg 2**

**Aseasonal Lambing/Breeding.** To be listed, you must be managing for aseasonal lambing (not just have the ram in the whole year). Aseasonal means ewes that consistently lamb between August 1 and November 15. Check below if your flock meets these criteria.

Aseasonal lambing (more than 20 aseasonal ewes lambing between Aug 1 & Nov 15)

Aseasonal lambing (5-19 aseasonal ewes lambing between Aug 1 & Nov 15)

**(NOTE: Check one of the above, ONLY if your ewes lamb between August 1 and November 15).**

**Semen/Embryo Transplant.** Please check any of the following that are **currently** available for sale from your farm/ranch. Do not check either of these if they are not in stock now.

**Frozen semen for sale.**                       **Frozen embryos for sale.**

**Export**  - Please check here ONLY IF you are willing to do some of the following that are typically required for export: pay for the \$100-\$500 of special Veterinary fees, quarantines, have frozen semen, frozen embryos and/or enrolled in a 7 year Scrapie Program with mandatory necropsy of 15 (+) month old dead/culled animals.

Note: There are some countries that have import protocols with fewer restrictions and a breeder may be able to export by meeting some of the criteria listed.

No other changes in my listing.

**Scrapie/Health/Performance Program Listing**

Note: If your health and scrapie program information has **not** changed, please skip the following section. Note that 25% of the KHSI flocks had their Scrapie program change in 2013. Those in the Mandatory Scrapie Eradication Program saw no changes.

My health and scrapie listing have changed. Please make the changes I have listed below.

**Instructions:**

Abbreviations: SFCP-Select = enrolled in Scrapie Flock Certification Program select category. SFCP-EXP = enrolled in the Export Monitored category of SFCP. SFCP-Canada, WCFHP = Western Canadian Flock Health Program. OFFS = On Farm Food Safety program in Canada. EU-Certified = Certified for export to European Union (available in Canada 2009).

Month/year: fill in month and year enrolled in WCFHP or SFCP. For USA Producers, indicate SFCP only if you are enrolled in the Voluntary Scrapie Flock Certification Program and not if your flock is enrolled in a state mandatory scrapie program. If you are not sure, check with your state USDA-APHIS office or your State Animal Health office to see if you are in SFCP or a state mandatory program. If you do not know whether your flock is enrolled in the USA Scrapie Flock Certification Program (voluntary SFCP) you are most likely in the Mandatory Scrapie Eradication Program.

**SCRAPIE/HEALTH/PERFORMANCE PROGRAMS** - If your programs have changed, circle those that your flock is currently enrolled in.

- a) **Mandatory Scrapie Eradication Program**                      b) **SFCP-Select**                      c) **SFCP-Export**                      d) **WCFHP**
- e) **SFCP-Canada**    f) **OFFS**    f) **EU-Certified**

If relevant, list month/year of flock status for flocks enrolled in SFCP or other health program

\_\_\_\_\_/\_\_\_\_\_

List Other Health Program(s) not listed above \_\_\_\_\_

Circle the Performance Evaluation Program that your flock is enrolled in. **NSIP**      **GenOvis**

Other performance evaluation program \_\_\_\_\_
