2							
3							
4							

*Mileage should be reported as round trip- miles/kms detour if part of another trip- or distance from previous flock visited. (Please list flocks in order of travel). Report only the mileage that you are claiming for reimbursement. If you are already traveling part of the way, then it's recommended that the inspector only claim the additional miles. Put "0" for mileage if you are not claiming any miles.

**I.e. IDs, papers, quality, defects, lack of preparation, information needed, difficulty distinguishing coat type etc.
