Phone # _____ Fax # _____ E-mail _____

Check one of the following:

- Voting Member
 Youth Member (until youth turns 19)
 Non-Member
 New Member Applying

Voting Member - There is no separate family membership category. The voting membership category allows registering of sheep in the name of the individual member, business/corporate/partnership/family member or allows families and partnerships to register sheep in the name of individual members of the family or partnership.

Youth Membership - is for individuals that are less than 19 years of age. It is valid until January 1st following the 19th birthday. Youth membership provides all the benefits of the regular voting membership except voting privileges. Youth Members can register, record and transfer sheep at member prices, but youth membership is free. NOTE: Youth may have their own separate membership and Flock ID or they can be part of their Family's Voting Membership. If part of the Family Membership, youth can still register sheep in their name using the Family's Flock ID. If part of the family membership, a separate youth application should not be filed.

Members must be paid up to date on KHSI Membership dues in order to register sheep.

New Member Applying - If you wish to apply, please download a membership form from the KHSI website www.katahdins.org or obtain one from Associated Registry at 785-456-8500 and mail to us at KHSI, PO Box 231, Wamego, KS 66547. You can also join and pay online at www.katahdins.org.

INSTRUCTIONS FOR REGISTRATION APPLICATION

<u>Column</u>	<u>Explanation</u>
Sex	R= ram or E= ewe
Sheep ID	Numbers/letters on ear tag, tattoo unique to individual. Record this number exactly as it is on the animal.
Birth Type	Of animal being registered/recorded; Sg=single, Tw=twin, Tr=triplet, etc.
Breeding Type	Nat=Natural Birth, AI=Artificial Insemination, ET=Embryo Transfer
Date of Birth	Month/day/year of birth of animal being registered or recorded
Sire KHSI Reg#	Registration/recordation# of sire; upper right corner of sire's certificate
Sire ID	Flock ID & numbers/letters on ear tag, tattoo of sire
Dam KHSI Reg#	Registration/recordation# of dam; upper right corner of dam's certificate
Dam ID	Flock ID & numbers/letters on ear tag, tattoo of dam

Breeder is the membership name of party owning dam at time of mating.

Owner is the membership name of party owning dam at time of lambing. (NOTE: if current owner is different from owner of dam at time of mating, transfer fees will apply).

Transfer information is to be provided in column 8 and will be completed along with registration (transfer fees will apply).

GENERAL INSTRUCTIONS

Any person wishing to register or record Katahdin Hair Sheep at the prices listed on Work Order & Fee Schedule must be a KHSI member with the current years' dues paid in full. Non-members may transfer or record sheep but double fees for services will be charged.

Registration

Purebred animals eligible for registration must be the offspring of two KHSI registered parents. The coat of registered Katahdins must not require shearing and is preferably completely free of permanent woolly fibers.

To apply for registration, the Animal Registration Form should be completed and be sent to the KHSI Registry office. If information is missing or inconsistent, the form will be returned.

Recordation/Upgrading

Animals that are not full-blooded Katahdins may be recorded with the KHSI Registry. For sheep that are 50% or more purebred Katahdin ancestry and are progeny of an upgrading program, each generation must be recorded with the Registry and a certificate will be issued that indicates the percentage Katahdin blood. The Animal Registration Form is to be used for recorded sheep also.

Sheep of at least 87.5% (7/8) Katahdin blood are eligible for registration upon inspection in their yearling year, if the previous generations have been recorded. (See "Animal Inspection" section. The 87.5% (or greater) blood animals must be classified as a coat type "A" or "B" to be registerable; if they are classified as coat type "C", they will be recorded as described above.

Physical Characteristics

1. No discrimination will be made on the basis of color.
2. Freedom from anatomical or physical defects is required (such as abnormal jaw formation, entropion, defects of the udder, testicles, legs and feet).

Identification

All sheep must be continuously identified by ear tag, tattoo, or other permanent ID. Each member is required to register a Flock ID with KHSI which will be part of the identification of all KHSI registered or recorded animals originating in that flock. The complete identification as indicated on the KHSI certificate—"Sheep ID"—must be physically on the animal as well (though not necessarily wholly in one ear). A backup identification is encouraged on each animal. A registration or recordation number will be issued for KHSI purposes, but the individual sheep ID will identify the animal in the flock.

Animal Inspection

Inspections are requested through the KHSI Operations office by May 15th of each year and are conducted during the summer between March 1 and September 30. The KHSI certified inspector verifies that the animal being inspected was born prior to November 1st of the year prior to the inspection, the Sheep ID on the animal matches the certificate and there are no gross defects. For each animal inspected, the inspector will fill in spaces for coat type and sign and date either the KHSI certificate or Animal Registration Form (if not already registered/recorded). The owner will then submit the papers to the Registry office and a permanent certificate will be issued. Inspectors are reimbursed for their mileage by KHSI and the breeder inspected is billed by KHSI for the inspector's mileage.

The coat type of animals that are inspected will be classified in the following categories:

A type - Naturally sheds all long woolly fibers seasonally.

B type - Coat predominantly free of long woolly fibers but maintains some patches, the total area not to exceed 1/4 of the upper half of the body, that do not shed for at least one year.

C type - Patches of long unshed woolly fibers, the total area of which exceeds 1/4 of upper half of body; ineligible for registration.

Transfers

All animal ownership transfers are to be recorded with KHSI. The seller of a KHSI-registered or recorded animal is to complete the date of sale, signature and buyer name/address on the certificate at the time of the sale. KHSI strongly encourages the seller to submit the paperwork and payment to the KHSI Registry following the sale and submit in a timely manner. If at the time of original registration, the owner of an animal is different than the flock of origin, transfer fees will apply. The KHSI Registry will process and send certificates to the new owner unless requested otherwise.

Registration/Transfer & Other Fees

Please see the Work Order & Fee Schedule to help figure pricing and total to mail with work. If registering and transferring at the same time, both a registration fee and a transfer fee must be paid.
